## **D. COMPUTER**

Make a Creative File on Artificial Intelligence with reference to Sustainable Development Goals of India.

## **E. G.K**

1. Make a Scrap Book on India's States and Capitals.
2. State's Food & Dance & Chief Minister and Famous Places to be Visited

Note: It should be colourful and with important pictures also.

## **F. Science**

### **PROJECT: HEALTHY LIFESTYLE**

As we discussed the topic Nutrition in Animals in the class and we hope that you have realized how important it is for us to have balanced diet in order to keep our body working and healthy, based on the topic following activities are designed.

**ACTIVITY 1:** Discuss with your parents and grandparents, the way to lead a healthy life. Based on the discussion design a diet plan for the children of your age group with tips and suggestions to lead a healthy life.

**ACTIVITY 2:** Work on your self-healing power and write various ways to boost your immune system.

**ACTIVITY 3:** Fast food is not good for health. Compose a story (150-200 words with pictures and drawings) with this message wherein a girl or boy explains to her/his younger brother, the bad effects of eating fast food.

## **G. Social Studies**

- a) Make a model of different types of volcanoes.
- b) Prepare a Rock Cycle with waste material. Take the help from (Pg no. -216) of your book.
- c) On a A4 sheet paper prepare a project report on Chola Art & Architecture, paste/draw related pictures also.

## **H. Mathematics**

- a) Design a handmade item to sell. It can be added jewellery, paintings, paper bags etc. calculate how much the item cost to make and set a selling price. Develop a budget for a craft business your budget should use both positive and negative integers to show how much money you can make if you sell 1,5,25,100..... items. Determine how many items.
- b) 5 people who live in the same neighbourhood working in a factory 40 kilometres away decide to opt for car pool in order to save fuel and reduce pollution. So they decide to take turns for taking their car to office for one week (in 5 weeks). Quality of petrol used in one week is 21 litre and cost of petrol is 96.40.
  1. Calculate the weekly expenditure on petrol
  2. Calculate money saved and petrol saved every week due to this arrangement.
